An Impressive Temperance Lecture.

CHICAGO, Oct. 9.—A Lacrosse, Wis., special says: "A singular and fatal accident occurred here this afternoon. Joseph Muher, a farmer living a few miles from the city, while returning home, in company with his wife, was fatally burned and his wife terribly injured by fire. He was under the influence of liquor, and having carelessly thrown a lighted match into the hay in the wagon, the hay ignited and their clothing immediately caught fire, with the result above stated. The wagon was entirely consumed."

Found Dead at the Stake.

DENVER, Oct. 9.—The following was received from Del Norte, to-day: A lieutenant of the Fourth cavalry passing through here stated that at Rock Cliff a report reached him that Jackson, the man who shot the Indian a few days ago, was found dead at the stake. This tallies with the Indian threats, and is generally believed. Great excitement prevails, and the citizens threaten vengeance.

Wells County.

BLUFFTON, October 9.—The grandest Democratic rally we have ever seen in Wells county took place here to-day. There is twenty-five thousand people at the speaker's stand to hear Irish and Duncon. Wells county will give twelve hundred majority for Landers and Gray.

HUGH DOUGHERTY.

A Witness Murdered.

CHICAGO, Oct. 9.—A Dubuque, Iowa, special says: "Jerome West, an ex-convict, shot and killed George Yewell in the woods near Anamosa, on account of Yewell having testified against him in a horse-stealing case. A vigilance committee is now searching for the murderer."

Killed by the Cars.

TRENTON, Ind., Oct. 9.—Albert Bush was run over by the night express on the Cincinnati, Wabash and Michigan railway last night, at this place. His body was torn up terribly.

Telegraphic Sparks.

George Lowry and David Thomas were hanged by the citizens of Nelson county, Virginia, for having grossly assaulted and robbed a widow named Massil.

Dan Gardner, proprietor of the Columbia House, Atlantic City, N. J., and a well known retired circus man, died yesterday; age, sixty-four.

The false work of the new bridge at Chepewa Falls, Wisconsin, was broken yesterday by a heavy timber falling. Six men were thrown into the river; William Brown died from injuries; the rest were rescued without serious injury.

The announcement of the death of J. G. F. Leach, at Denver, Col., was received yesterday by his family at Connersville, Indiana. He had gone to Colorado on business when taken down with typhoid fever, resulting in death.

Hon. John P. Irish, the able orator, will speak at the Bink to-night.

Born to Mr. and Mrs. Hill Wingate, a daughter. All parties concerned doing well.

Andrew Wallace, of Chicago, is in the city. Mr. Wallace was at one time a citizen of our place. He says Illinois will go for Hancock and English if Indiana goes Democratic.

The Indianapolis Sentinel says: John and Maggie Fielding, who have just closed a very successful engagement at the "Zoo," leave for Fort Wayne to-day.

Irish at Columbia City.

Last evening was a propitious one for the Democrats of Columbia City. Colonel John P. Irish addressed one of the largest audiences ever packed in the court house. At 7 o'clock, "standing room only" was the word passed to the impatient ones outside that wished to hear the great speaker. At 7:30 Colonel Irish was escorted by the Hancock First Voters' club, eighty-three strong, to the court room. After the usual formality of an introduction, the colonel began his speech, and for two hours and a half he held them spell-bound. At the close of his speech, and after rousing cheers, "three times three," were given the vast crowd seemed anxious to hear more, and it was almost an impossibility for the colonel to force his way through the crowd. After explaining to them that he was almost worn out and needed rest they yielded, and he retired to his rooms at the hotel. At 11:45 he left for Fort Wayne, where he speaks this evening.

The Eighty-Eighth Indiana.

There was a reunion of the Eighty-eighth Indiana at Maysville, yesterday, which was largely attended. The meeting was not of a political nature, but simply a gathering of the boys who had marched forth to battle for the right when the republic was imperilled. Captain Hugh Diehl was present from this city and reports that the crowd in attendance was tremendous and the most friendly feeling prevailed. Tales told by the camp fire were retold, and fond remembrances cherished for years were awakened and renewed. A most magnificent banquet was tendered the boys and heartily enjoyed. A reorganization was effected, as follows: President, Colonel C. E. Bruant; vice president, Colonel Humphrey; secretary, Captain F. F. Boltz.

Cane Presentation.

A pleasant affair occurred at the office of Mayor Zollinger last evening. It was the occasion of the annual meeting of the Board of Directors of the Royal Protective Union of this city, who, appreciating the services of Mr. John A. N. Freutzel, the general agent, presented him with a handsome gold-headed ebony cane. The presentation speech was made by H. Bailey, Esq., the Vice President of the Union, and the cane bore the following inscription: "John A. N. Freutzel—Presented by the R. P. U."

The Boss Pole.

Mr. J. W. Eastwood, of this city, returned home yesterday from South Bend, whither he had been in attendance upon the funeral of his father. He informed us that the sterling Democracy of South Bend have raised a pole that stands three hundred and twenty-nine feet in height. It is of hickory, and is certainly the boss pole of the State. Mr. Eastwood left two pieces of bark taken from the pole at the SENTINEL office.

Stickers! Stickers!!

DEAR SIR.—I have in my ways and times during two months past given to the public what seemed to me to be good reasons why a man should vote the Republican ticket. If you can concur with me in those views, and vote that ticket, it will please me best. But if you cannot, and yet desire to vote for me, the inclosed stickers may serve your convenience.

Very Respectfully Yours,

ROBERT S. TAYLOR.

The foregoing explains itself. It is a copy of a circular letter that Judge Taylor is scattering broad-cast over the district. We trust that no Democrat into whose hands these "stickers" may fall will use the same, but that they will now go to work with redoubled energy with the view to leaving Judge Taylor sticking in the last ditch.

For fine suitings for gentlemen and boys, you can do no better in quality of goods, perfect fits, and low prices, than at N. B. Young & Co's., No. 27 East Main street.

N. B. Young & Co., at No. 27 East Main street, are leading the trade as merchant tailors, and no one in want of elegant business suits should fail to give them a call. They guarantee all their work.

THE NEWS OF THE DAY.

Five Train Men Killed by a Railroad Accident in New England—Hancock on the Industrial Interests—Dangerous Illness of a U. S. Supreme Court Judge—Yellow Fever in Florida, Etc.

General Hancock on the Tariff Question.

NEW YORK, Oct. 9.—A representative of the Paterson New Jersey Guardian yesterday interviewed Gen. Hancock. After the same general conversation the reporter said: "There is one thing General I desire to speak about. The tariff question is creating a good deal of talk in Paterson, particularly among manufacturers and the working classes. Now how is that going to work?"

That question, said the General, cannot affect the manufacturing interests of the company in the least; my election could make no difference either one way or the other. There has to be a certain amount of millions of dollars raised by a tariff that can be got in no other way, and that must necessarily give protection to manufacturing interests. The election of a Democratic President, or the election of a Republican President, cannot interfere with or influence that in the least. The Paterson people need have no anxiety whatever that I will ever favor anything that interferes with the manufacturing or industrial interests of the country. They will have just as much protection under a Democratic administration as under a Republican administration. The tariff question is a local question. The same question was brought up once in my native place, in Pennsylvania. It is a matter that the general government seldom cares to interfere with, and nothing is likely ever to be done that will interfere with the industries of the country.

Two Engineers and Two Firemen Killed.

HARTFORD, Oct. 9.—An accident on the New York and New England Railroad at Hopkender near Williamantic occurred last eve, caused by a collision between a passenger accommodation train leaving this city last night and an extra freight train going west from Williamantic. The wreck was a bad one. Engineers Kenyon and Flood and fireman Forsyth and Hurley were killed. Conductor Aldrich of the freight train was badly injured and will probably die. The conductor of the freight train is said to be to blame for the accident as he should have held his train at Williamantic for the passenger train to pass.

A later telegram says that Aldrich, the conductor, has died.

Arms and Ammunition for the Mediterranean.

PORTSMOUTH, Oct. 9.—Her Majesty's troop ship Assistance, which sails on Sunday, takes fifty tons of ammunition and fifty-four Norfield and Gatling guns for the Mediterranean. It is rumored that the British Admiralty may possibly send the detached squadron, now filling, to the Mediterranean, instead of sending it on a general cruise, as proposed.

Dead From Yellow Fever.

WASHINGTON, Oct. 9.—A telegram received at the war department this morning announces the death of Ordnance Sergeant Weaver, at Fort Jefferson, Key West, Fla., yesterday, from yellow fever. The sergeant's youngest daughter is now sick with the fever.

Serious Illness of Judge Clifford.

WASHINGTON, Oct. 9.—Associate Judge Clifford, of the United States Supreme Court, who arrived yesterday from Boston, was taken suddenly ill on the train. He was in a serious condition last night, being at times delirious. Two physicians are in attendance.

What the Supervisors will Cost—Vote the Democratic Ticket, and Grind Such a Law Out of Existence.

The following is the petition for Supervisors, as handed us by Mr. Max Nerdlinger:

Colonel Dudley, United States Marshal, Indianapolis:

We, your petitioners, being fully convinced of the impossibility of obtaining a free and fair election at the hands of our fellow citizens, request the appointment of United States Supervisors at the coming elections.

W. H. Carnahan, J. K. McCracken, E. W. Keil, D. A. Woodworth, D. N. Foster, R. S. Robertson, J. D. Harper, W. H. Withers, David R. Archer, Neil McLachlan, E. C. Burdett, D. S. Keil, O. S. Hanna, George Reiter, Geo. Humphrey, James Harper, Thomas Sullivan, O. L. Young.

Another Lie Nailed.

The following correspondence explains itself. Thus is another lie nailed. The Republicans must be driven to desperate straits when they will resort to such means and such falsehoods in order to try to deceive the workmen and mechanics and to induce them to vote against their best interests:

LARWELL, Ind. Oct. 7, 1880.
MR. R. G. BELL—Dear Sir: The Republicans of our place are making a great deal of noise about Mr. Bass, the foundryman, of your place, going back on the Democracy and advising his employees to do so also. Is this true or is it untrue? Let me know by return mail to-morrow, with Mr. Bass' signature. Respectfully,
J. G. MILLER.

FORT WAYNE, Oct. 8, 1880.
This statement is wholly without foundation in fact. Mr. Bass is an enthusiastic Democrat, and contributes liberally to our Democratic campaign fund.

R. C. BELL.
This is only another of the many campaign lies put in circulation. My hopes for this country and people are centered in the Democratic party and its success, not only in the State election, but also the Presidential. I am fully and thoroughly a Democrat and a Hancock man, expect to vote for him this fall, and see him in the Presidential chair next spring.

Yours truly, J. H. BASS.

FORT WAYNE, Oct. 8, 1880.

Death of a Bank President.
NEW YORK, Oct. 9.—John S. Harberger, President of the old Manhattan Banking Company, is dead.

Spot Them.

A telegram from Toledo, O., was received this morning by one of our active politicians stating that about thirty men were on the Wabash train, claiming to be from Ann Arbor, Michigan, who would be left in Fort Wayne to vote the Republican ticket, and asking that they be looked after. They were in the sleeper and chair car.

It is said that they got off up at the crossing and scattered over the city. Democrats, be on your guard! Spot these scoundrels. See that they serve the State in the penitentiary if they attempt to vote.

Vote for Either.

A Fort Wayne candidate found a poor man who had a vote—if he did have to do his own milking. The candidate asked him if he should hold the cow, which seemed to be uneasy, so the poor old man consented. The candidate took her by the horns and held the cow fast till the milking was done; then he said: My dear friend, have you had the candidate on the other side (his rival) round here? O! yes; he's behind the barn holding the calf. New decorated toilet sets, new silver ware, new lamps, new china, new compliments of Ward's, three jolly dogs. Ward's cheap crockery store, at No. 8 West Columbia street.

H. C. McDowell, one of the Democratic candidates for Representative, is in the city to-day. He is a very popular gentleman.

The Democrats made important gains at the Connecticut election on Monday last.

No DEMOCRAT should lose his vote by neglecting to attend the polls on Tuesday next.

Now is the time to push the enemy. They are on the retreat. Keep them running to their holes.

VOTE the Democratic State ticket and keep Indiana on the highway of prosperity and greatness.

The silver product for the last fiscal year, as estimated at the Treasury Department, was about \$38,000,000, of which \$28,000,000 was coined.

The British Indians are in an excited state and serious difficulties with them are anticipated on the border in the Northwest Territories.

If a Republican repeater shall be found at the polls of the election on Tuesday next he should be met with a repeating shotgun and "fired out."

A FREE vote and honest count as Democrats in this county will have will elect the Democratic ticket by a largely increased majority on Tuesday next.

GARFIELD is in favor of two things anyhow. He is in favor of a tariff for revenue only and wants to take away the legal-tender quality of greenbacks.

In voting the Democratic ticket, workingmen vote for the protection of labor, fair wages for a fair day's work, and honesty and fidelity in public offices.

LOOKOUT for Republican repeaters. It is said that Republican agents have sent repeaters here from Baltimore, Chicago and other places. Give them the grand bounce.

GARFIELD says there are 200,000 Southern claimants who should be paid. Hancock says he is opposed to the payment of Southern claims, under any circumstances.

LOOK out for bogustickets on Tuesday next. Sol. Bash has caused the county to be flooded with bogus Democratic tickets with his name inserted in place of that of the regular nominee for sheriff—Frank Cosgrove.

MR. D. S. KEIL, the responsible editor of the *Gazette*, does not claim that the Republican party is in favor of a protective tariff. He claims that American manufacturers and workmen can and do compete with those in England, and do not need protection by legislative enactment.

HON. WALPOLE G. COLERICK has not had the privilege of meeting his constituents or continuing the canvass during the past two weeks, and will not be able to make any speeches before the election, on account of the continued dangerous illness of his brother, who could not consent to have Mr. Colerick leave his bedside. The sick brother is a favorite in the family and in Fort Wayne society, and Mr. Colerick could not resist his brother's almost dying request that he remain with him the short time allotted him on earth. The love he bears that brother is greater than earthly honors, and a re-election to Congress has no inducements to leave the bedside of him he loves so dearly. The many friends of Mr. Colerick will certainly sympathize with him in this, his great trial, and will see that his claims for re-election shall not be forgotten at the polls of the election. A man imbued with brotherly love and that has the kindlier feelings of humanity, such as Mr. Colerick has shown he possesses, cannot be a bad man, but a man eminently fitted to represent the people, and a man whose life and acts are worthy of emulation.

THE Republican party—though it has nothing of the sort in its Chicago platform—pretends to be in favor of a protective tariff, a tariff that will protect manufacturers. But the *Gazette* in this city, that claims to some respectability and some truthfulness, says: "The manufacturing interest of this country does not need legislative protection, that our manufacturers can compete with those of Europe in everything they manufacture, and that labor does not need protection." So it may be inferred that all this howl about a protective tariff is only a gauzy electioneering dodge to steal the votes of workingmen to elect the representatives of the Republican kidglove aristocracy to place and power, and only this.

THE Republican party is the party of fraud and corruption. It hates the poor man, and has stolen millions upon millions of the people's lands and given them to powerful monopolies and wealthy corporations. It has degraded labor, proscribed our foreign born citizens, and legislated to elevate its pet, the negro, above workingmen. It claims to be the moneyed party, the party that includes the American aristocracy, and now claims that the wealthy and aristocratic shall rule. It never has legislated for workingmen, and continues to do all in its power to make the rich richer and the poor poorer. It is not the party of the people, nor do its members care for the interest of the masses.

HON. R. O. BELL, the nominee on the Democratic ticket for Joint Senator for the counties of Whitley and Allen, is making a brilliant canvass, and is having a complete walk-away for the office. Mr. Bell is a favorite with the people wherever he appears, and will be elected, it is confidently predicted, by larger majorities in the counties named than any candidate on the tickets. He is an intelligent, social gentleman, and no better nomination for Joint Senator could have been made. He is constantly gaining friends, and a higher place in the gift of the people of this Congressional district or the State will be given him in the near future.

THE Republican party has become the "free trade" party in this country. Its platform adopted at the Chicago Convention is a free-trade platform in disguise; its leaders claim that American manufacturers, and American industries do not need protection, that the United States competes with England in everything; and the party resolved in 1876, as they do now, in favor of a tariff for revenue only.

It is an outrage to claim that the Republican party has ever done a single thing for the protection of labor. Workingmen know that it has not, and the people know that it has not, and will so indicate on Tuesday next by voting with the Democratic party, that has always fostered the industries of the country and protected labor.

A VOTE for the Republican ticket on Tuesday next is a vote to elevate the negro and degrade the whiteman, but a vote for the Democratic ticket will be a vote to protect labor, promote the interest of the white workingman and rebuke the negro-lovers and the kidglove aristocracy.

An Infamous Falsehood.
One of the most infamous campaign lies that has been started by the *Gazette* during the present campaign is the silly story in this morning's issue of that sheet to the effect that if Frank Cosgrove, jr., be elected sheriff of Allen county the office will continue to be run by Sheriff Munson, the latter paying Mr. Cosgrove the sum of twenty-five dollars per week for his services. The *Gazette* people are too infernal cowardly to openly charge a bargain of this nature but are content to insinuate by an anonymous communication that such an one has been made. The assertion is not only a lie but a most ridiculous and absurd lie. When Mr. Cosgrove is elected sheriff on Tuesday next, as he assuredly will be, and he shall have been inducted into the office, he will administer the affairs of the office himself, and what benefits are to be reaped therefrom he will reap. Everybody that knows Frank Cosgrove, and who does not, know him to be an honest and upright young man, who would not stoop to do a dishonest act. This silly story is in keeping with the one the *Gazette* started about Frank Cosgrove electioneering in church, and is simply a campaign lie that will fall harmless to the ground. On the eve of a campaign there is nothing too low, too vile or too disreputable for the *Gazette* people to do. Its course will only nerve the Cosgrove legions to greater exertions in behalf of an honest, hard-working, deserving young man. Look out for more such infernal lies before next Tuesday.

That Confederate Flag the "Gazette" is Howling About.

Mr. John Sumpter, member of the National Democratic Committee for Arkansas, has forwarded the following letter or affidavit to the National Committee:

HOT SPRINGS, Ark., Sept. 20, 1880.

To John J. Sumpter, Member of National Democratic Committee for Arkansas:

DEAR SIR.—You ask me to explain how the cut off "the Rebel flag" came to be used on the 23d of August last in the Hot Springs Telegraph. This is my explanation: I began my work quite early on that morning, and, among other things, I ordered my foreman to hunt up from the stock of cuts in the office a cut of a cannon. He reported that there was none to be found, but that there was an American flag. I ordered him to put this cut at the head of an account of a Democratic barbecue I was then preparing. Nothing more was thought of the matter until about dusk, when my attention was called to the fact that the cut used was one of the Rebel flag. This is the whole of the transaction. It was simply a mistake—an error.

You ask me to state some of my antecedents. Well, I was born down in Maine, emigrated to Iowa at an early age, and grew up there, married there, and some of my children were born there. My own record is on the Union side. My life from 1861 to 1865 was full of intense activity. I knew naught else save a continued fight for the union of the States. I was a soldier in 1862-3 in Company G, Twenty-third Iowa infantry, United States volunteers. I have an honorable discharge from the same. I cast my votes and used any influence I may have had since 1875 with Senator Garland and Governor Miller, of this State, simply because I believed that the doctrines that they are teaching lead to a better sort of politics than either Republicanism or extreme Democracy.

These are the facts in brief, and as I now have time to write.

Yours truly, W. A. WEBER,
Editor and Proprietor Hot Springs (Ark.) Telegraph.

Sworn to and subscribed before me this 20th day of September, 1880.

ANDREW BROWN,
Notary Public.

This letter is explanatory of the appearance of the Confederate flag which appeared in the journal named. The Republican press, notably the *Tribune*, of New York, and the papers of the west, have given great currency to the fact, and have ignored all explanations in their efforts to impute a feeling in favor of rebellion to the Southern Democracy.

REPUBLICANS boast that they intend to buy the election and have money enough to accomplish their purpose. They may have large sums of money in their corruption fund; but it is believed that the people can not be bought, and that there is honesty enough remaining among them to elect the Democratic ticket by an overwhelming majority.

THE *Gazette* fails to show a single instance when the Republican party has legislated in favor of labor, during the past decade, or that it ever has.

The Oldest Man in Steuben County.
Correspondence of the SENTINEL.

CHAMBERLAIN, Oct. 1, 1880.

I have been up in Steuben county visiting Father De Witt, the oldest man in the county. He will be one hundred and six years old next March. When I went there he was out husking corn. He carried the corn in a twelve-quart pail—I helped him pick up four or five bushels. He then told me to go to the house and visit with them, he said that he must hush some more corn. He said that he would come up after while. He has four daughters, the youngest is ten years old. Before I came away I asked him to read to me. He then turned to his wife and asked her what he should read in. The Bible was handed to him, he turned to Romans, the ninth chapter, and read from the first to the twenty-third verses—he read without speck. He was an officer in the M. E. church for about forty years. I believe he is now a member of the Wesleyan Methodist. He resigned his office in the church about nine years ago. Below will be found a piece written by his own hand.

Wm. H. SAFFORD.
“Whereas there has been circulated in the Steuben Republican, and I am informed other papers, that I had been a class leader in the Methodist church; and now, when over one hundred years of age, that I am a Universalist. Let me state a few facts: I feel very much grieved that any one should think that the devil had got me as he had Mather Eve. I have been a member of the M. E. church for forty years, and filled various offices in that society, and exhorted men to flee from the wrath to come. It is true I have been a member of the Wesleyan Methodist Church for many years, endorsing its reformatory principles. I am trying to live Godly in Christ Jesus, and only regret whatever I may have fallen short in my efforts so to do. I believe there is a devil to despise and regret. I believe there is a God to love and obey, a hell to shun, a heaven to gain. I am looking earnestly toward the place Jesus is preparing for me, that where he is I may be also, and I would disown the kinsman that would circulate so base a falsehood on an old man whom God has blessed and helped in the world for more than a hundred years. As many papers as have circulated the former, please copy. This is signed with my own hand.”
WILLARD DEWITT.

Weather Wisdom.

Under the title of Old Probabilities, one of the most useful and valuable officers of the United States Government is most widely known. But quite as well known is Prof. J. H. Tice, the meteorologist of the Mississippi valley, whose contributions to his favorite study have given him an almost national reputation. On a recent lecture tour through the Northwest, the professor had a narrow escape from the serious consequences of a sudden and very dangerous illness, the particulars of which he thus refers to: The day after concluding my course of lectures at Burlington, Iowa, on the 21st of December last, I was seized with a sudden attack of neuralgia in the chest, giving me excruciating pain and almost preventing breathing. My pulse, usually 80, fell to 25; intense nausea of the stomach succeeded, and a cold, clammy sweat covered my entire body. The attending physician could do nothing to relieve me; after suffering for three hours, I thought—as I had been using St. Jacob's Oil with good effect for rheumatic pains—I would try it. I saturated a piece of flannel large enough to cover any chest, with the oil, and applied it. The relief was almost instantaneous. In one hour, I was entirely free from pain, and would have taken the train to fill an appointment in a neighboring town had my friends not dissuaded me. As it was, I took the night train for my home, St. Louis, and have not been troubled since.—St. Louis Post-Dispatch.

PORTER, the Republican candidate for governor, has the capacity to brush his plug silk hat, perfume his handkerchief, draw on his patent leather boots and wear his hair parted in the middle, and that is about all. Should such a man represent the mechanic, workingman, or farmer? He is not a representative man, and has no sympathy for workingmen.

No ONE of our citizens, Democratic or Republican, will vote against the re-election of William Fleming as Treasurer of State. Remember he is our citizen, a resident among us, and there should be some pride in his neighbors in having him re-elected to the place he so honorably and ably fills.

THE Republican party has been driven to the wall, and after exhausting every other means to carry the election for the Republican ticket, has, by the use of money, imported negroes from Kentucky, bummers and scoundrels from Illinois and Michigan, and repeaters from Baltimore to accomplish their nefarious scheme of stealing the election.

How is it, foreign born fellow citizens? How do you like to be denounced as the “offscourings of Europe,” as Republicans have always denounced you? The Republican party is not the party that extends to you the hand of welcome, nor does it regard you as entitled to the rights of freemen.

MALT UNFERMENTED

MALT BITTERS

MALT AND HOPS

BITTERS

SLEEPLESS AND MELANCHOLY.—To countless numbers night brings neither peace nor rest. Attended to the torments of wakefulness and despondency, the victim of insomnia prays for sleep, for daylight, for any torment but that which he endures. Morning finds him with bloodshot eyes, a feverish and weak. It is plain to all that this frightful strain of the mental and physical forces cannot continue. What shall be done? Abandon all quieting remedies or sleepless tortures. RESTORE THE APPETITE, ENRICH THE BLOOD. When the brain and every other is nourished and strengthened by new blood, sleep will return, and with it cheerfulness and health. To accomplish this great work no medicine or food in the world so successfully combines the elements necessary to success as MALT BITTERS, which are prepared without fermentation from Canadian BARLEY MALT and HOPS, and are free from the objections urged against malt liquor.

Ask for MALT BITTERS prepared by the Malt Bitters Company, and see that every bottle bears the TRADE LABEL, duly printed and enclosed in waxes as seen in cut.

MALT BITTERS are for sale by all Druggists.
